Culture Camp - **August 2 - 3, 2021; 10:00 AM - 12:30 PM**
(Philippine Standard Time UTC/GMT +8)

Platform: Zoom

Program Description

This year, the FEU International Relations Office together with the Far Eastern University Center for the Arts, the Language Learning Center, the Institute of Tourism and Hotel Management, and the Student Development Office present student representatives from FEU's partner universities virtual camps to choose from – an English Camp, a Culture Camp, or both.

The English Camp is designed for students who want to improve their English language proficiency. Activities include synchronous listening, speaking, reading, and writing sessions, as well as daily live chats with FEU students to encourage the use of the English language in daily conversation.

The culture camp will feature sessions to showcase the Filipino culture. The lined-up activities include virtual tours of the historical and frequently visited sites in the Philippines as well as culinary demonstration of the most-loved Filipino cuisine. Cultural presentations by the participants will be the culminating activity for this camp.

The camps are designed for international students not only to improve their language skills but also to provide them with opportunities to immerse themselves in the rich and endearing Filipino culture. More importantly, this is FEU's contribution to encouraging diversity, equity, and inclusion by honing cross-cultural respect and appreciation among students from different backgrounds.

Program Objectives

- To provide sessions that will help students acquire skills necessary in achieving academic and life-long goals.
- To encourage and integrate the use of reading, listening, speaking, and writing in day-to-day life.
- To encourage diversity, equity, and inclusivity by promoting understanding each others' culture.

Important Dates:

Deadline of Application: July 25, 2021 / **Confirmation Email:** July 30, 2021
